## STARVING FOR DETROIT

If you don't know already we have already begun fundraising for the ELCA (Evangelical, Lutheran, Church, of America) Youth Gathering. TLC's Youth have not been to this event in over 10 years!

Now, I should tell you that only 8th graders this year through seniors are able to go and the final deadline for those of you who are still on the fence about Detroit is next week, October the 10th.

I repeat, OCTOBER THE 10TH! Sorry I got a little carried away with the whole capital letters thing (my bad).

I will now be asking for some assistance in asking for

prayers for those of the youth who are going. Here a list now of the people who you can be praying for:

Katie Nolan, Emma Zeko, Isabel Rose, Kimmy Petty, Heath D'Onofrio, Mitchell MacIntyre, Noah Panapa, Chris Turner, Mason Beling, Michaela Magallanes, Zoe Wilson, Hannah Howard, Daniel, Nathan, and Allison Staples, Johan Boas, Eric O'Neill, and Erik Grewe.

Please Pray for our Youth as well as our Adult Leaders at this point.

Chris D'Onofrio, Nichole D'Onofrio, and Eric Zeko.

Thank You for all of your continued support and we thank God every day for everything we have been given through donations for this trip.

## THE MORE THE MERRIER!

ue their education and always keep God at the heart of everything they are doing. In their absence our Youth group has steadily grown and now on the fourth Sunday of every month we are going to get even bigger!

Some of you may know Pastor Erik from Mount Cross, Camarillo and his wife Desta who used to be the Youth Minister here at Trinity Lutheran Church.

Well, Pastor Erik and myself were in the

middle of a conversation and I casually brought up the idea of joining groups. I never thought I would get the response that I had. He was willing to try it out and see if it worked. I was excited to say the least and this past Sunday was our first time together as a group!

We had 18 youth show up! A complete blessing and we are looking forward to our next encounter.

## HOW MUCH ARE WE GIVING?

Sometimes we ask one another "Hey, do you believe in Christ?" Most of our answers are "Yeah!", "Of Course", "I Guess?!" But if you were asked if you follow Christ would you say the same thing? In fact would we truly know the difference at all?

I'm always at a football game or an activity and I see all of the kids giving so much time to their sports and they put on their pads and their shin guards and

they go out and follow their Coach onto the field. Now this seems pretty normal and yet we always tend to put church in the back of our minds. We never want to follow scripture when there is a game to be played but I'll tell you a secret: You ready? God is our coach and we are playing a game. The game of life. Amen.

## DESTINY: VIDEO GAME REVIEW

**Summary:** In Destiny (from the creators of Halo) you are a Guardian of the last city on Earth. You are able to wield incredible power. Explore the ancient ruins of our solar system, from the vast dunes of Mars to the lush jungles of Venus. Defeat Earth's enemies. Reclaim all that we have lost. Become legend. Embark on an epic action adventure with rich cinematic storytelling where you unravel the mysteries of our universe and reclaim what we lost at the fall of our Golden Age.

**Review:** Now we have all awaited this game at least some of you and I think you will be pleased. Not only has Bungie (The creators of Halo) come out with a new game for which we hope there is a Master Chief cameo but they have tried something different? I honestly believe if you mixed Mass Effect and Borderlands together, this is what

you would find in the baby carriage. I personally think that the game-play is repetitive and just another first person shooter. But as the game continues you start to get enveloped within the game and before you know it you have literally spent 15 hours in front of a television probably drinking soda-POP! And eating un-healthy food. While I recommend this game to be played I also recommend you to get out of the house and enjoy the beautiful day that God has given us...Oh, and stick with the game because the amount of things that you have to do will take you on some ups and downs but the journey is completely worth it. Oh, and one more thing, the guns are awesome....So, Yeah!

Rent it first then if you still can't set the remote down then buy it.
